250,000 EUR

Details

Property type: Apartment

Energy rating: pending

Interior area: m²

Plot size: m²

Description

This is a spacious apartment, with a good size balcony with pretty seaviews. The flat is completely furnished and has a good layout, with one large bedroom, built in wardrobe, a bright living room with American style kitchen fully equipped, and a full bathroom. The community facilities include a nice heated pool, a small size pool for kids, showers and sunbedding terrace, all the floors accessible with lifts. The building has been fully painted a few years ago and is well maintained on a regular basis, though the community fees are quite low. In the surroundings there are bars, restaurants, shops, a golf course, bus stop, and the south marina is just within a few minute distance walking.
